

	
Hoffmann, Inc. provides the “One Contractor Advantage” offering a full range of services on renovation, maintenance, plant shutdown, or new construction projects.	
DESIGN AND ENGINEERING	→ Registered in-house engineers, design staff, and drafting services.
METAL FABRICATION	→ Hoffmann’s 70,000 ft ² metal fabricating facility specializes in custom metal products.
MILLWRIGHT	→ Machinery installation and industrial maintenance.
DEMOLITION AND DISMANTLEMENT	→ Interior demolition and equipment dismantlement.
RIGGING	→ Equipment relocation or dismantlement.
FIELD ERECTION	→ Final assembly and installation throughout the continental U.S.
PLANT SHUTDOWNS	→ 24 hours, 7 days a week.
MATERIAL HANDLING SYSTEMS	→ Conveyors, radial stackers, hoppers, and storage tanks designed through Wolf Material Handling Systems, a division of Hoffmann Inc.
CONCRETE CONSTRUCTION	→ Concrete pedestals, bases, containments, foundations, and floors, plus repairs of cracks, expansion joints, and spalls.
BUILDINGS	→ Pre-engineered metal buildings, design-build concrete and precast specialty structures.
ROOFING SOLUTIONS	→ Single-ply membrane, metal, metal retrofits, concrete, and roof maintenance.
INSPECTIONS	→ Hoffmann’s design team conducts complete structural inspections of concrete or steel structures, including interiors, perimeters, foundations, roof, walls, and openings.
